MINUTES Kevin Clubb made a motion to approve the August 2009 minutes as written. Frank Rydalch seconded the motion and all members voted in favor.

COMPLIANCE Ronda Trujillo indicated that seven probationers were out of compliance and five of these probationers were just missing their employer reports.

The other two probationers, Taylor Armstrong Clark and Kirk Duke Smith, were clearly out of compliance with the terms of their Memorandum of Understanding and Orders (MOU). Rydalch made a motion for an order to show cause

for Taylor Armstrong Clark being out of compliance with the terms of his MOU. Clubb seconded the motion and all members voted in favor.

Clubb made a motion for an order to show cause for Kirk Duke Smith being out of compliance with the terms of his MOU. Rydalch seconded the motion and all members voted in favor.

ADMINISTRATIVE RULE

Testing Prior to Experience

The board reviewed the letter from Ogden/Weber Applied Tech College where the school was in favor of having the students take the state journeyman test right after completing their apprentice education. The board discussed allowing apprentices that graduate from apprentice school, and have at least 7,000 of work experience hours, be allowed to take all three parts of the state journeyman exam. An individual would have one year to pass all three parts of the state exam or they would have to start the testing process over again. An applicant would have to meet the work experience requirements in order to be licensed. The board would like Meservy to provide rule language to be reviewed at the next board meeting.

CONTINUING EDUCATION

Red Vector

The board reviewed Red Vector online continuing education courses for changes to the 2008 NEC. Rydalch approved Red Vector's changes to the 2008 NEC parts 1 – 6. Clubb seconded the motion and all members voted in favor.

National Training Transfer

National Training Transfer (NTT) submitted continuing education course documentation for the board to review. Rydalch will do a further review of the course and report back to the board during their next meeting in October.

REVIEW TEST SCORES

Test scores were reviewed from PSI.

DISCIPLINARY/APPLICATION REVIEW

Disciplinary, out of state applications and applications with special concerns were reviewed.

Scott Craig Daniels

Scott Craig Daniels met with the board seeking licensure as an apprentice electrician. Meservy presented a proposed Memorandum of Understanding (MOU). Daniels was informed it was his responsibility to obtain the necessary documentation that showed he met the requirements to be a journeyman. Clubb made a motion to approve the MOU. The probation would be for a period of four years. Daniels could be a journeyman once he met the requirements. Daniels, however, prior to making application to be a journeyman would be required to meet with and obtain the approval of the board. Rydalch seconded the motion and all members voted in favor. This matter will now move

forward to the Construction Services Commission.

Jared Willis Erb

Jared Willis Erb met with the board seeking licensure as an apprentice electrician. He, however, had just lost his sponsor and was no longer employed. Meservy presented a proposed Memorandum of Understanding (MOU). Rydalch made a motion to approve the MOU on the condition that Erb within sixty days find a sponsor. The probation period would be for five years and the substance abuse testing would be for a minimum of two years. Meservy, however, would review the substance abuse testing provision in the MOU and make any necessary adjustments. Clubb seconded the motion and all members voted in favor.

All business concluded meeting adjourned.

Note: This report is not intended to be a verbatim transcript, but is intended to record the significant features of what was discussed in the meeting. Discussed items are not necessarily arranged in chronological order.
