AAVSB Annual meeting

Mr. Ormond stated that because of travel restrictions the Division could not fund any travel to the AAVSB Annual Meeting.

Disciplinary Reporting

Mr. Ormond discussed the disciplinary reporting on licensees coming from other states. Mr. Ormond questioned the Board on how they would want the verifications issued: as an original, originating from the web or a duplicate. Mr. Ormond also questioned the Board on what type of follow up procedure would be acceptable.

The Board determined that an original, web or duplicate verification would be acceptable as long as the Bureau follows up with a call to that prospective state to see if there are any pending issues at hand.

Mr. Steinagel stated that the Division may take action on a license solely on the outcome of another state's disciplinary investigation with out executing another full scale investigation. If the Division is informed of an issue from another state, the Division may also take emergency action on a license.

Assistants / Technologist /Technicians

Mr. Ormond questioned the Board if they had any knowledge on legislative actions with respect to proposed licensing for veterinarian assistants, technicians and technologist. The Board was not aware of any actions.

The Board was concerned on the liability of the Veterinarian when delegating responsibility to unlicensed individuals. It was suggested to have the UVMA look into this issue and perform a survey etc. Dr. Heaton stated he would contact the UVMA's president Doug Murphy.
