### **9:15 am – 11:00 am**

Dr. Nicola Riley and Erik Strindberg, Legal Counsel, Informal Hearing

Karl Perry, Assistant Attorney General, and Ms. Taxin explained the informal hearing process and stated it is a limited type of hearing based on a formal fact finding hearing having been conducted in another State.

Ms. Taxin reminded the Board that they may ask Dr. Riley questions regarding the action in the other State.

Judge Jonsson explained Dr. Riley falsified an application in another State and in Utah which is also unprofessional conduct in Utah.

Dr. Riley and her legal counsel, Erik Strindberg, arrived.

Board members and Division staff were introduced.

**Dr. Howell explained Dr. Riley's March 8, 2011, Order in Utah had mentioned further action may be taken in Utah based on pending action in Maryland. She stated the Maryland Board completed their action on May 6, 2013, by permanently revoking Dr. Riley's license.**

Mr. Strindberg mentioned the Maryland Order is being appealed.

**Ms. Taxin explained the facts have already been heard by the Maryland Board and this hearing will be a public informal hearing but the Board may ask questions for clarification. She stated the Board is being requested to hear the information and determine if the information provided in the Conclusions of Law section in the Maryland Order violates Utah statutes and rules and requires action. She stated if the Board determines action should be taken then they also must make a recommendation regarding the action. She requested the Board to remember this is a limited**

**fact finding hearing and there will be no testimony taken but the Board must make their decision based on the facts provided during the Maryland formal hearing.**

**Ms. Taxin read the allegations supporting the informal hearing.**

**The Board reviewed all information presented and deliberated.**

**Judge Jonsson explained the Board is charged with determining if Dr. Riley engaged in unprofessional conduct based on the following conclusions of the Maryland Board:**

- 1. Dr. Riley treated a patient without ensuring that an “appropriate” contingency plan was in place in a case of emergency;**
- 2. Dr. Riley chose to use a private vehicle to transport to the hospital a patient who had suffered a complication during an abortion; and**
- 3. Dr. Riley delayed too long before transporting the patient to the hospital.**

**Following discussion, Dr. Bennion made the following motion: Based on the discussion no action should be taken at this time but the Board reserves the option of taking action when the Maryland appeals court is completed.**

**Dr. Chapa seconded the motion.**

**Dr. Chapa, Dr. Montgomery and Dr. Bennion voted in favor of the motion. Dr. Affleck, Dr. Cook, Mr. Hale, Dr. Schaecher and Dr. Byrd vote against the motion. The motion died for failure to have a majority vote.**

**Dr. Schaecher then made a motion to accept the findings of fact from the Maryland Board as factual and he stated these facts breach the Utah code of ethics. Therefore, the Board should move forward for revocation.**

**The motion died for lack of a second.**

**Dr. Schaecher withdrew his motion.**

**Dr. Chapa had to leave the meeting and appointed Ms. Taxin to vote in proxy for him with the understanding he is not in favor of revocation and disciplinary action.**

**Following additional discussion, the Board determined that according to Utah law, Dr. Riley engaged in unprofessional conduct as follows:**

- 1. Dr. Riley treated a patient without ensuring that an “appropriate” contingency plan was in place in a case of emergency;**
- 2. Dr. Riley chose to use a private vehicle to transport a patient to the hospital who had suffered a complication during an abortion; and**
- 3. Dr. Riley delayed too long before transporting the patient to the hospital.**

**Dr. Bennion made a motion for a public reprimand to be issued based on the findings and conclusions of the Maryland Board. He recommended that Dr. Riles be required to write an essay to be submitted at the next scheduled Board meeting, addressing the following:**

- 1. What she has learned from the action taken against her in Maryland;**
- 2. How she will modify her practice so as to ensure she has a contingency plan;and**
- 3. How she will deal with emergency issues in the future and remain current on clinical emergency protocols.**

**Dr. Byrd seconded the motion.**

**Dr. Affleck, Dr. Schaecher, Dr. Bennion, Dr. Byrd, Dr. Montgomery, Mr. Hale and Ms. Taxin, voting for Dr. Chapa, voted in favor of the motion.**

Dr. M. Scott Huff, Initial Probationary Interview

Dr. Huff met for his initial probationary appointment.

Board members and Division staff were introduced.

Dr. Huff briefly explained what brought him before the Board. He stated it was a lack of properly taking care of himself. He stated he went to Alpine but did not learn a lot, then went to a center in Layton where he did learn a lot and attending meetings three nights a week. He stated he then started the 12 step program but did not believe it was beneficial for him as he did not see the spirituality of the program and thought he could do it on his own. He stated this time his ego is not in the way and he did not have the funds to help himself so he put his faith in the program and has done well for the last three months. He stated he was in recovery for about five weeks in November 2010 and then has now been in recovery for about two years. Dr. Huff stated he has been treated for kidney stones and works part time as a bar tender. He stated he has to humble himself and ask for help as he knows he cannot recover on his own. He shared that there are issues with his family right now but his previous partner is his biggest supporter.

**Dr. Byrd asked where Dr. Huff got the medications.**

Dr. Huff responded when he gave medications to patients he would hold some out for his own use and

inject himself.

**Dr. Montgomery asked what Dr. Blocker's view has been and if Dr. Huff has thought of going to therapy.**

Dr. Huff responded Dr. Blocker has changed his opinion and now believes there is an underlying problem. He stated he did go to therapy for about 5 weeks and then stopped as it did not seem to help him. He stated he went to Hazelden in Oregon, which was very expensive, and he was terminated from his employment while he was away so he called the Division about the diversion program. He stated he started using Prophenol in March 2013, for anxiety and stress as he did not want to use narcotics. Dr. Huff stated he took the drugs intravenously at night. He stated his recovery program was doing well until February 2013, when his anxiety got worse due to financial issues.

**Dr. Schaecher stated stress will continue to happen and Dr. Huff will need to demonstrate to the Board that he is capable of making appropriate choices.**

**Dr. Montgomery asked Dr. Huff what his goal is to resolve his issues.**

Dr. Huff responded he is now in therapy with George Dunagan where he meets every other week.

**Dr. Howell voiced concern regarding outpatient treatment and stated she does not believe it works very well, especially for those doing drugs intravenously. She stated she believes it will take some specialized treatment.**

Dr. Huff stated the drugs at his office are in his safe and his partner, Dr. Blocker, and office manager have keys. He explained he has been starting the IV's for patients and administering the medication cocktails. Dr. Huff stated everything is now accounted for. Dr. Huff stated Dr. Blocker would be willing to supervise him.

**Dr. Howell responded Dr. Huff is still exposed to**

**the drugs even though there are safe guards in place.**

**Ms. Taxin explained Dr. Huff has stated he could not afford to go for a complete assessment but he needs a letter that he is safe to practice and the assessment may say he needs inpatient treatment.**

Dr. Huff stated he cannot afford the assessment or inpatient treatment. He stated he is doing everything he can right now financially and does take medications for mental health issues.

**Dr. Howell responded she believes Dr. Huff should have an evaluation immediately. She stated any assessment would not preclude him from owning a business but he would not be able to do the actual anesthesia/clinical practice.**

**Ms. Taxin reminded Dr. Huff and the Board that Dr. Huff's Order requires him to go to Pine Grove within 90 days of the Order for a complete evaluation and to obtain a letter stating he is safe to practice.**

**Dr. Cook commented that Dr. Huff's Order says he will not have access to any controlled substances.**

**Dr. Howell stated Dr. Huff has access right now to drugs. She stated he missed a drug test and it appears he has not attended any support meetings. She stressed the need for Dr. Huff to follow the Order and do everything the way it is support to be done.**

**Ms. Harry explained Dr. Huff did miss a test and then had a hair test.**

**Ms. Taxin stated Dr. Huff must have a supervisor and had said Dr. Blocker would be available to supervise.**

**Following discussion, Dr. Schaecher recommended Dr. Blocker be accepted as the supervisor for now and have him meet with the Board for an interview to determine if he should continue to supervise.**

**Dr. Howell stressed the need for Dr. Huff to call in every day for his drug and alcohol testing and the importance of obtaining the complete evaluation in the near future. She also stated Dr. Huff should have stopped any access to drugs the day he agreed with the Order and signed it.**

**Dr. Schaecher made a motion to enforce the Stipulation and Order condition of no access to any controlled substances.**

**The motion died for lack of a second.**

Dr. Huff commented that he and his attorney did not agree to that condition of the Stipulation and Order. He stated there were some changes made prior to his signing. He stated he did not meet today with the Board to go over what he has done wrong as he knows what he did.

**Dr. Schaecher reminded Dr. Huff that he signed the Order and it is within the authority of the Board to hold him to the conditions of the Order.**

**Dr. Schaecher made his motion again stating until Dr. Huff attends Pine Grove and the report is received documenting Dr. Huff is safe to practice then Dr. Huff must not have access to or handle any controlled substances.**

**Dr. Cook seconded the motion.**

**The Board vote was unanimous.**

**Ms. Taxin stated Dr. Huff will need to amend his practice plan and resubmit it. She stated the resume from Dr. Blocker was received and is in the file but Dr. Huff needs to request Dr. Blocker to contact her so she can explain the supervision expectations and what Dr. Huff is and is not allow to do until the evaluations from Pine Grove are received and documentation received that Dr. Huff is safe to practice. Ms. Taxin stated the Board could recommend Dr. Huff's license be suspended until he is capable and completes some of the**

**conditions in his Order and he could work as an owner only but not have any access to any drugs or clinical work. Ms. Taxin suggested Dr. Huff consider the suspension offer and get back to her by Monday, July 15, 2013.**

Dr. Huff stated he is scheduled to be at Pine Grove July 29, 2013.

**Dr. Howell clarified the practice plan submitted by Dr. Huff is unacceptable and he cannot administer or have access to any drugs.**

**The Board determined Dr. Huff is out of compliance as his practice plan is not in accordance with the conditions of his Stipulation and Order.**

**Dr. Huff will be notified regarding when his next appointment will be.**

**3:55 pm**

Dr. Hartman approved for Dr. Schaecher not to recuse himself.

Mr. Hale conducted the interview.

Dr. Hartman explained what brought him before the Board. He stated he is a sole practitioner and did not review carefully what was being ordered as he trusted his staff. He stated he has not prescribed for quite some time but someone in the office had asked if they could order a specific drug and he gave his permission but had recommended the person follow their doctor's recommendations. He stated he did not sign any

orders, did not order anything and did not write the checks for orders. He stated he should have known the Law. Dr. Hartman stated he no longer orders anything from Henry Schein.

**Dr. Byrd asked if staff was ordering the medications and using them.**

Dr. Hartman responded yes for themselves and family. He explained the staff ordered and gave the medications to their family members. He stated the DEA came into his office, informed him of the Law and he has endured many legal fees, loss of privileges at IMC and the loss of patients.

**Dr. Schaecher asked if Dr. Hartman had an idea of what the monthly amounts ordered were.**

Dr. Hartman responded the DEA determined it was about 4 tablets per person per week of Ativan and the Phentermine amounts were according to the patient's doctor's orders. He stated the Valium and Zanex were smaller quantities.

Dr. Byrd and Dr. Schaecher stated Dr. Hartman's staff took advantage of him but he is still taking responsibility.

**Dr. Schaecher asked if Dr. Hartman has registered for the PACE and PRIME courses.**

**Dr. Howell asked how many places Dr. Hartman works.**

Dr. Hartman responded he is currently working at 5 different locations.

**Ms. Taxin stated one supervisor will work but the employers at the different facilities will need to sign and submit a statement that they have read, understand and are willing to assist Dr. Hartman in being successful in his probation. She stated the supervisor will need to submit reports and document he has reviewed the prescriptions written. She stated the Order requires Dr. Hartman to meet weekly with his supervisor and**

**submit the log and reports weekly for now. She stated Dr. Hartman will also need to submit the triplicate copy of all controlled substance (CS) prescriptions he writes.**

Dr. Hartman responded Dr. Swift has been meeting with him weekly and has assisted in setting up the logs and has co-signed the charts, etc.

**Dr. Schaecher made a motion to approve Dr. Scott Swift as Dr. Hartman's supervisor.**

**Mr. Hale seconded the motion.**

**The Board vote was unanimous.**

**Dr. Howell read Dr. Hartman's practice plan to the Board and stated the practice plan will need to be revised.**

**Ms. Taxin read the information Dr. Hartman submitted earlier and noted his attorney confirmed there are safeguards in place. She asked what Dr. Hartman will do in the future. She suggested he have all employees sign a form after he has reviewed his practices, policies and procedures with them.**

Dr. Hartman responded he will inform his office staff not to order.

**Dr. Schaecher recommended all new employees be oriented that no one orders CS's.**

Dr. Hartman requested a copy of the letter from his attorney discussing the list of safe guards in place.

**Ms. Taxin recommended he ask his attorney for a copy.**

**Dr. Hartman will be notified regarding when his next appointment will be.**

Dr. Jared E. Rasmussen

Ms. Taxin explained Dr. Rasmussen applied for the Dentist-Class IV Anesthesia license and the Physicians license. She read the letter sent from Southwestern Medical Center at Dallas, Texas, regarding three years of medical school. Ms. Taxin reminded the Board that they had previously determined three years of a CODA education would be equivalent to 24 months of ACGME plus the 12 months of ACGME and Dr. Rasmussen only has two years of a CODA education.

**Dr. Byrd commented the dental training is not equivalent to medical training and Dr. Rasmussen will be able to practice Dentistry as he has that license.**

**The Board recommended Ms. Taxin offer Dr. Rasmussen to withdraw his application and if he does not agree to deny the application so he will have the right to appeal the denial unless he can show he has three years CODA and 12 months ACGME.**

Dr. Richard B. Karsh

Ms. Taxin explained Dr. Karsh completed the NBME Part 1 examination but not Parts 2 and 3, however, he did complete a North Carolina specific examination in 1969. She stated Dr. Karsh also completed the SPEX examination in 1998 and again in 2010.

**Dr. Schaecher recommended conference call meetings to minimize travel time and distance for**

**Board members and probationers. He also recommended the probationary appointments be longer than the 10 minutes allotted. He stated a couple of hours monthly would be less painful than an all day meeting here at the Division.**
