FOR DEFAULT**

CASE NO. DOPL-OSC-2010-369

BY THE PRESIDING OFFICER:

This adjudicative proceeding was initiated pursuant to an August 27, 2012 notice of agency action and verified order to show cause. A response to the allegations contained in the order to show cause was due within 20 days of the date on which the notice and order to show cause were mailed to Respondent at the mailing address last provided by him to the Division. The notice specified that a failure to comply with the deadline for response would result in the entry of a default order against Respondent without any further notice to him.

Respondent failed to file a response by the 20-day deadline as required. As of the date of this order, Respondent still has not filed a response. Therefore, the presiding officer finds that, pursuant to Utah Code § 63G-4-209(1)(c), proper factual and legal bases exist for entering a default order against Respondent.

RECOMMENDED ORDER

Based on the foregoing, the presiding officer recommends that the Director of the Utah Division of Occupational and Professional Licensing (Director) accept the allegations outlined in the Division's verified order to show cause and motion for default as being true, to wit:

1. That on or about October 28, 2010, Respondent's pharmacist license was placed on probation according to certain terms and conditions;
2. That Section 8(1)(a) of the order of probation obligated Respondent to meet with the Board of Pharmacy within 30 days of the date of the order and at additional meetings as directed;
3. That Section 8(1)(f) of the order of probation obligated Respondent to evidence having undergone a psychological evaluation;
4. That Section 8(1)(p) of the order of probation obligated Respondent to submit reports on a timely basis, including employer reports, therapy reports, a self-assessment report, and a 12-step attendance report,
5. That Section 8(1)(cc) obligated Respondent to keep his license current during the probationary period;
6. That Section 8(1)(ff) obligated Respondent to pay a fine of \$2,500,
7. That Respondent has failed to comply with the terms of the order of probation herein specified; and
8. That the order of probation provides that a failure to comply with a term or condition of the order is grounds for further proceedings and sanctions, including license revocation.

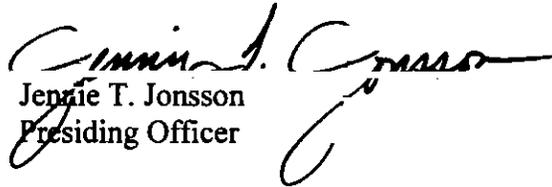

i

The presiding officer further recommends that the Director enter a default order against Respondent, revoking both his license to practice as a pharmacist and to dispense controlled substances in the State of Utah and his residual rights to reinstate his license.

This recommended order shall be effective on the signature date below.

DATED this 20th day of September, 2012.
