***Important Additional Important Information:**

- Application Processing:** Processing time for an application, *where the fingerprints have been electronically scanned by DOPL and there are no issues that need to be resolved*, is approximately 7 to 21 business days if the application is complete. If the application is incomplete, the processing time will increase.
- Laws and Rules:** You are required to understand Utah laws and rules pertaining to your practice. The following laws and rules are available on the Internet at www.dopl.utah.gov.
 - Division of Occupational & Professional Licensing Act, 58-1 (May 14, 2013)
 - General Rules of the Division of Occupational & Professional Licensing, R156-1 (March 11, 2013)
 - Nurse Practice Act, 58-31b (May 14, 2013)
 - Nurse Practice Act Rules, R156-31b (July 8, 2010)
 - Nurse Licensure Compact, 58-31c (Jan 01 2000)
 - Nurse Licensure Compact Rule, R156-31c (Aug 16 2010)

- 3. Education Requirement:** You must complete an approved nursing education program to qualify for licensure. All applicants who graduated after May 14, 2013, must have graduated from a nursing education program accredited by the Commission on Collegiate Nursing Education (CCNE); Accreditation Commission for Education in Nursing, Inc (ACEN), formally the National League for Nursing Accrediting Commission; or Council on Accreditation of Nurse Anesthesia Educational Programs (COA).

PLEASE NOTE: If you graduated from a nursing education program after May 14, 2013, **you must include documentation that your education program was ACEN or CCNE accredited.** Your school can provide this documentation to you for inclusion with your application; or you can print of the accreditation information from the ACEN or CCNE website. To find the accreditation information, go to the accreditation body website, search for accredited programs, enter the name of your program or the state where the program is located, and print off the page that indicates the nursing program’s accreditation information. Include this information with your application. The web site for the Accreditation Commission for Education in Nursing (ACEN) is www.acenursing.org. The Commission on Collegiate Nursing Education (CCNE) web site is www.aacn.nche.edu/ccne-accreditation.

- 4. Nursing Licensure Interstate Compact:** A nurse must legally reside in a compact state to be eligible for issuance of a compact (multistate) license. In order to obtain a Utah compact (multistate) license, you must declare Utah as your primary state of residency and have a Utah address as your address of record. If you are moving to Utah and declaring Utah as your primary state of residency, you must apply for licensure by endorsement. A nurse whose primary state of residence is a noncompact state is not eligible for a compact license and will be issued a “valid in Utah only” license. Upon issuance of a compact (multistate) license, any active compact state will be notified and that license will be inactivated. A nurse can only hold one compact (multistate) license.

Nurses are required to promptly declare a new state of residency when they obtain a new driver’s license, change where federal taxes are paid or register to vote. More information regarding the Interstate Compact, including a current list of all Compact states , is available on the National Council of State Boards of Nursing web site at www.ncsbn.org.

- 5. NCLEX® Examination Eligibility and Scheduling:** To sit for the examination, you must be made eligible by DOPL. DOPL can not make you eligible to sit for the examination if you have not registered with PearsonVue and paid the \$200.00 registration fee. DOPL will determine candidate eligibility based on the information contained in the complete application and receipt of official transcripts with the date of completion and the degree earned.

Once authorized to take the examination, the test company will send you an “Authorization to Test” (ATT) to your e-mail address along with information explaining how to schedule your examination. Please read the information carefully. Once you have received your “Authorization to Test,” call and schedule an appointment to take the examination. You can not schedule an appointment unless you have received the ATT.

- 6. Examination Addresses and Telephone Numbers:**
Examination Registration, (866) 496-2539 (*Monday through Friday*), 7:00 a.m. to 7:00 p.m. (CST) or online at www.pearsonvue.com/nclex

- 7. NCLEX® Examination Results: Within one - two weeks of taking the examination,** DOPL will mail your license if you passed the examination; or if you did not pass the examination you will receive an examination summary. **Do not call DOPL to obtain your test results.** No results will be released over the phone.

Passing the examination does not authorize you to practice as a nurse in the State of Utah. You must be issued a Utah license prior to practicing.

If you fail the examination, you must (1) re-registered with Pearson Vue, (2) submit another examination fee to the testing company, (3) submit an “Intent to Retake the Examination” form to DOPL (*available at www.dopl.utah.gov*), or call the Division and inform the Division that you have re-registered, and (4) reschedule an appointment to take the examination when you have received another “Authorization to Test.” The examination may only be taken once every 45 days.

8. **Reinstatement of Utah License:** If you are reinstating your Utah nursing license that has been expired more than two years, you must submit a complete application for licensure with all applicable fees and required documentation (verification of a current active license in another state; or documentation of meeting the Nurse Practice Act Rule, subsection R156-31b-306). However, if you are reinstating your Utah license and are currently licensed in good standing with a Compact state license from a compact state, you will only need to submit the renewal application, current renewal fee and verification of licensure. The renewal application is found on the Division's website at www.dopl.utah.gov.

PLEASE NOTE: If you are reinstating your Utah nursing license, you must meet all current requirements, which includes meeting the **current educational requirement as listed in the Nurse Practice Act, section 58-31b-601.**

9. **License Renewal:** Unlike many other states, Utah's license renewal schedule is not based on the licensee's date of initial licensure. Under Utah's renewal system, all licenses in each profession expire as a group on the same day every two years. All LPN licenses expire January 31 of every even-numbered year and all RN licenses expire January 31 of every odd-numbered year. The length of a licensee's first renewal cycle depends on how far into the current renewal cycle initial licensure was obtained. Each renewal cycle thereafter is for a full two years. Additionally, the fee paid with this application for licensure is an application-processing fee only. It does not include a renewal fee. Each licensee is responsible to renew licensure PRIOR to the expiration date shown on the current license. Approximately two months prior to the expiration date shown on the license, renewal information is disseminated to each licensee's last address of record, as provided to DOPL. It is your professional responsibility to maintain a current active license if you are practicing in Utah. If you do not receive a renewal notice, it is your responsibility to contact the Division and obtain the renewal information.
10. **Updating Address/email Information:** It is your responsibility to maintain a current address with DOPL. The Division of Occupational and Professional Licensing Act, section 58-1-301.7 requires that a licensee notify the Division within 10 business days of a change in mailing address. **An applicant, licensee, or certificate holder is considered to have received a notification that has been sent to the most recent mailing address provided to the Division.** Please also update your email address if it changes. Address/email changes can be made online at www.dopl.utah.gov.
11. **Name Change:** If you have been licensed by DOPL under any other name, please submit documentation of your name change (*i.e. copy of a marriage license or divorce decree*).
12. **Fingerprint Information:** All applicants are required to undergo a criminal background check and fingerprint search through the files of the bureau of Criminal Identification (BCI) and the Federal Bureau of Investigation (FBI). To expedite the licensure process, you can obtain electronic fingerprinting at DOPL's office at 160 E. 300 S., Salt Lake City, 8:00 a.m. to 4:30 p.m., Monday through Friday, except holidays. The cost for having fingerprints electronically scanned by DOPL is covered in the \$40 non-refundable surcharge fee. Applicants that arrive late in the day without leaving sufficient time to be processed will be turned away. A current government issued picture ID is required and would include one of the following: a driver's license issued by Washington D.C., a state of the United States of America or an identification card issued by the state of Utah.

If you are unable to obtain electronic fingerprints at DOPL's office, you must include two (2) fingerprint cards (Form FD-258) with your application for each individual associated with the application as defined above. **To have your fingerprints rolled onto the fingerprint cards, you must go to BCI, a local police station or an agency authorized by the FBI to roll fingerprints.** If you downloaded the application from the Internet, you may obtain fingerprint cards the Bureau of Criminal Identification (BCI), your local police station or authorized agency. *Fingerprint cards that are not complete and/or properly rolled will be rejected, delaying the licensure process.* **Due to the high number of inked fingerprint cards that are rejected and the amount of time it takes state and federal government agencies to process these cards, applicants are encouraged at the time of application to have their fingerprints electronically scanned at DOPL or at the Bureau of Criminal Identification.**

Bureau of Criminal Identification (BCI) Information:
