For purposes of this chapter, an original contract is considered to exist between an owner-builder as owner and the owner-builder as original contractor.

38-1-3. Those entitled to lien -- What may be attached.
(1) Subject to the provisions of this chapter, a person who performs preconstruction service or construction service on or for real property has a lien on the real property for the reasonable value of the preconstruction service or construction service, respectively, except as provided in Section 38-11-107.

38-1-4.7. Preconstruction service lien - Priority.

(1) Except as otherwise provided in this chapter, a preconstruction service lien:
   (a) relates back to and takes effect as of the time a notice of retention under Section 38-1-30.5 is filed; and
   (b) has priority over:
       (i) any lien, mortgage, or other encumbrance that attaches after the notice of retention is filed; and
       (ii) any lien, mortgage, or other encumbrance of which the claimant had no notice and that was unrecorded at the time the notice of retention is filed.

(2) A preconstruction service lien is subordinate to an interest securing a bona fide loan if and to the extent that the lien covers preconstruction service provided after the interest securing a bona fide loan is recorded.

(3) Preconstruction service is considered complete for any project, project phase, or bid package as of the date that construction service for that project, project phase, or bid package, respectively commences.

38-1-5. Construction service lien - Priority.

A construction service lien:

(1) relates back to, and takes effect as of, the time of the commencement of construction service on the ground for the improvement; and

(2) has priority over:

   (a) any lien, mortgage or other encumbrance that attaches after the construction service for the improvement commences on the ground; and
   (b) any lien, mortgage, or other encumbrance of which the claimant had no notice and that was unrecorded at the time the construction service for the improvement commences on the ground.

38-1-6. Priority over claims of creditors of original contractor or subcontractor.

No attachment, garnishment or levy under an execution upon any money due to an original contractor from the owner of any property subject to
lien under this chapter shall be valid as against any lien of a subcontractor or materialman, and no such attachment, garnishment or levy upon any money due to a subcontractor or materialman from the contractor shall be valid as against any lien of a laborer employed by the day or piece.

38-1-6.7. Notice of preconstruction service lien - Requirements.
(1) Within 90 days after completing a preconstruction service for which a claimant is not paid in full, the claimant shall submit for recording with the applicable county recorder a notice of preconstruction service lien.
(2) A claimant who fails to submit a notice of preconstruction service lien as provided in Subsection (1) may not claim a preconstruction service lien.
(3)(a) A notice of preconstruction service lien shall include:

(ii) a statement that the claimant claims a preconstruction service lien;
(iii) the date the claimant's notice of retention was filed;
(iv) the name of the person who employed the claimant;
(v) a general description of the preconstruction service provided by the claimant;
(vi) the date that the claimant last provided preconstruction service;
(vii) the name, if known, of the reputed owner of the property on which the preconstruction service lien is claimed or, if not known, the name of the record owner of the property;
(viii) a description of the property sufficient for identification;
(ix) the principal amount, excluding interest, costs, and attorney fees, claimed by the claimant;
(x) the claimant's signature or the signature of the claimant's authorized agent;
(xi) an acknowledgment or certificate as required under Title 57, Chapter 3, Recording of Documents; and

(4)(a) Within 30 days after a claimant's notice of preconstruction service lien is recorded, the claimant shall send by certified mail a copy of the notice to the reputed or record owner of the real property.

(b) If the record owner's address is not readily available to the claimant, the claimant may mail a copy of the notice to the owner's last-known address as it appears on the last completed assessment roll of the county in which the property is located.

(c) A claimant's failure to mail a copy of the notice as required in this Subsection (4) precludes the claimant from being awarded costs and attorney fees against the reputed or record owner in an action to enforce the lien.

(5) Nothing in this section may be construed to prohibit a claimant from recording a notice of preconstruction service lien before completing the preconstruction service the claimant contracted to provide.

38-1-7. Notice of claim for construction service lien -- Contents -- Recording -- Service on owner of property.

(1) (a) (i) Except as modified in Section 38-1-27, a person claiming a construction service lien shall file for record with the applicable county recorder a written notice to hold and claim a lien within:

(A) 180 days after the day on which occurs final completion of the original contract if no notice of completion is filed under Section 38-1-33; or

(B) 90 days after the day on which a notice of completion is filed under Section 38-1-33 but not later than the time frame established in Subsection (1)(a)(i)(A).

(ii) For purposes of this Subsection (1), final completion of the original contract and for purposes of Section 38-1-33, final completion of the project, means:

(A) if as a result of work performed under the original contract a permanent certificate of occupancy is required for the work, the date of issuance of a permanent certificate of occupancy by the local government entity having jurisdiction over the construction project;

(B) if no certificate of occupancy is required by the local government entity having jurisdiction over the construction project, but as a result of the work performed under the original contract an inspection is required as per state-adopted building codes for the work, the date of the final inspection for the work by the local government entity having jurisdiction over the construction project;

(C) if with regard to work performed under the original contract no certificate of occupancy and no final inspection are required as per state-adopted building codes by the local government entity having jurisdiction over the construction project, the date on which there remains no substantial work to be completed to finish the work on the original contract; or

(D) if as a result of termination of the original contract prior to the completion of the work defined by the original contract, the compliance agency does not issue a certificate of occupancy or final inspection, the last date on which substantial work was performed under
the original contract.

(b) Notwithstanding Section 38-1-2, if a subcontractor performs substantial work after the applicable dates established by Subsections (1)(a)(ii)(A) and (B), that subcontractor's subcontract shall be considered an original contract for the sole purpose of determining:

(i) the subcontractor's time frame to file a notice of intent to hold and claim a lien under this Subsection (1); and

(ii) the original contractor's time frame to file a notice of intent to hold and claim a lien under this Subsection (1) for that subcontractor's work.

(c) For purposes of this chapter, the term "substantial work" does not include:

(i) repair work; or

(ii) warranty work.

(d) Notwithstanding Subsection (1)(a)(ii)(C), final completion of the original contract does not occur if work remains to be completed for which the owner is holding payment to ensure completion of that work.

(2) (a) The notice required by Subsection (1) shall contain a statement setting forth:

(i) the name of the reputed owner if known or, if not known, the name of the record owner;

(ii) the name of the person:

(A) by whom the claimant was employed; or

(B) to whom the claimant furnished the equipment or material;

(iv) a description of the property, sufficient for identification;

(v) the name, current address, and current phone number of the claimant;

(vi) the amount of the lien claim;

(vii) the signature of the claimant or the claimant's authorized agent;

(viii) an acknowledgment or certificate as required under Title 57, Chapter 3, Recording of Documents; and

(ix) if the lien is on an owner-occupied residence, as defined in Section 38-11-102, a statement describing what steps an owner, as defined in Section 38-11-102, may take to require a lien claimant to remove the lien in accordance with Section 38-11-107.

(b) Substantial compliance with the requirements of this chapter is sufficient to hold and claim a lien.

(3) (a) Within 30 days after filing the notice of lien, the claimant shall deliver or mail by certified mail a copy of the notice of lien to:

(i) the reputed owner of the real property; or

(ii) the record owner of the real property.

(b) If the record owner's current address is not readily available to the claimant, the copy of the claim may be mailed to the last-known address of the record owner, using the names and addresses appearing on the last completed real property assessment rolls of the county where the
affected property is located. (c) Failure to deliver or mail the notice of lien to the reputed owner or record owner precludes the claimant from an award of costs and attorney fees against the reputed owner or record owner in an action to enforce the lien. (4) The Division of Occupational and Professional Licensing shall make rules governing the form of the statement required under Subsection (2)(a)(ix).

38-1-8. Liens on several separate properties in one claim. Liens against two or more buildings or other improvements owned by the same person may be included in one claim; but in such case the person filing the claim must designate the amount claimed to be due to him on each of such buildings or other improvements.

38-1-9. Notice imparted by record. (1) The recorder shall record each notice of preconstruction service lien under Section 38-1-6.7 and notice to hold and claim a construction service lien under Section 38-1-7 in an index maintained for that purpose. (2) From the time a notice described in Subsection (1) is filed for record, all persons are considered to have notice of it.

38-1-10. Laborers' and materialmen's lien on equal footing regardless of time of filing. The liens for work and labor done or material furnished as provided in this chapter shall be upon an equal footing, regardless of date of filing the notice and claim of lien and regardless of the time of performing such work and labor or furnishing such material.

38-1-11. Enforcement -- Time for -- Lis pendens -- Action for debt not affected -- Instructions and form affidavit and motion. (1) As used in this section: (a) "Owner" is as defined in Section 38-11-102. (b) "Residence" is as defined in Section 38-11-102. (2) A claimant shall file an action to enforce the lien filed under this chapter: (a) except as provided in Subsection (2)(b), within 180 days after the day on which the claimant files" (i) a notice of preconstruction service lien under Section 38-1-6.7, for a preconstruction service lien; or (ii) a notice of claim under Section 38-1-7, for a construction service lien; or (b) if an owner files for protection under the bankruptcy laws of the United States before the expiration of the 180-day period under Subsection (2)(a), within 90 days after the automatic stay under the bankruptcy proceeding is lifted or expires. (3) (a) Within the time period provided for filing in Subsection (2)
the claimant shall file for record with the county recorder of each county in which the lien is recorded a notice of the pendency of the action, in the manner provided in actions affecting the title or right to possession of real property, or the lien shall be void, except as to persons who have been made parties to the action and persons having actual knowledge of the commencement of the action.

(b) The burden of proof is upon the claimant and those claiming under the claimant to show actual knowledge under Subsection (3)(a).

(4) (a) A lien filed under this chapter is automatically and immediately void if an action to enforce the lien is not filed within the time required by this section.

(b) Notwithstanding Section 78B-2-111, a court has no subject matter jurisdiction to adjudicate a lien that becomes void under Subsection (4)(a).

(5) This section may not be interpreted to impair or affect the right of any person to whom a debt may be due for any work done or materials furnished to maintain a personal action to recover the debt.

(6) (a) If a claimant files an action to enforce a lien filed under this chapter involving a residence, the lien claimant shall include with the service of the complaint on the owner of the residence:

(i) instructions to the owner of the residence relating to the owner's rights under Title 38, Chapter 11, Residence Lien Restriction and Lien Recovery Fund Act; and

(ii) a form to enable the owner of the residence to specify the grounds upon which the owner may exercise available rights under Title 38, Chapter 11, Residence Lien Restriction and Lien Recovery Fund Act.

(b) The instructions and form required by Subsection (6)(a) shall meet the requirements established by rule by the Division of Occupational and Professional Licensing in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(c) If a claimant fails to provide to the owner of the residence the instructions and form required by Subsection (6)(a), the claimant is barred from maintaining or enforcing the lien upon the residence.

(d) Judicial determination of the rights and liabilities of the owner of the residence under this chapter and Title 38, Chapter 11, Residence Lien Restriction and Lien Recovery Fund Act, and Title 14, Chapter 2, Private Contracts, shall be stayed until after the owner is given a reasonable period of time to establish compliance with Subsections 38-11-204(4)(a) and (4)(b) through an informal proceeding, as set forth in Title 63G, Chapter 4, Administrative Procedures Act, commenced within 30 days of the owner being served summons in the foreclosure action, at the Division of Occupational and Professional Licensing and obtain a certificate of compliance or denial of certificate of compliance, as defined in Section 38-11-102.

(ii) all materials filed in connection with the application.

(f) The Division of Occupational and Professional Licensing shall
notify all claimants listed in an owner's application for a certificate of compliance under Subsection (6)(d) of the issuance or denial of a certificate of compliance.

(7) The written notice requirement applies to liens filed on or after July 1, 2004.

Lienors not contesting the claims of each other may join as plaintiffs, and when separate actions are commenced the court may consolidate them and make all persons having claims filed parties to the action. Those claiming liens who fail or refuse to become parties plaintiff may be made parties defendant, and any one not made a party may at any time before the final hearing intervene.

In every case in which liens are claimed against the same property the decree shall provide for their satisfaction in the following order:
(1) Subcontractors who are laborers or mechanics working by the day or piece, but without furnishing materials therefor;
(2) All other subcontractors and all materialmen;
(3) The original contractors.

The court shall cause the property to be sold in satisfaction of the liens and costs as in the case of foreclosure of mortgages, subject to the same right of redemption. If the proceeds of sale after the payment of costs shall not be sufficient to satisfy the whole amount of liens included in the decree, then such proceeds shall be paid in the order above designated, and pro rata to the persons claiming in each class where the sum realized is insufficient to pay the persons of such class in full. Any excess shall be paid to the owner.

38-1-16. Deficiency judgment.
Every person whose claim is not satisfied as herein provided may have judgment docketed for the balance unpaid, and execution therefor against the party personally liable.

38-1-17. Costs -- Apportionment -- Costs and attorneys' fee to subcontractor.
Except as provided in Section 38-11-107, as between the owner and the contractor the court shall apportion the costs according to the right of the case, but in all cases each subcontractor exhibiting a lien shall have his costs awarded to him, including the costs of preparing and recording the notice of claim of lien and such reasonable attorneys' fee as may be incurred in preparing and recording said notice of claim of lien.

(1) Except as provided in Section 38-11-107 and in Subsection (2), in any action brought to enforce any lien under this chapter the
successful party shall be entitled to recover a reasonable attorneys' fee, to be fixed by the court, which shall be taxed as costs in the action.

(2) A person who files a wrongful lien as provided in Section 38-1-25 is not entitled to recover attorneys' fees under Subsection (1).

(3) A party against whom any action is brought to enforce a lien under this chapter may make an offer of judgment pursuant to Rule 68 of the Utah Rules of Civil Procedure. If the offer is not accepted and the judgment finally obtained by the offeree is not more favorable than the offer, the offeree shall pay the costs and attorneys' fees incurred by the offeror after the offer was made.

38-1-19. Payment by owner to contractor -- Subcontractor's lien not affected.

(1) If a subcontractor has actually begun to furnish preconstruction service or construction service for which the subcontractor is entitled to a lien, a payment to the original contractor may not impair or defeat the lien.

(2) An alteration of a contract may not affect a lien acquired under this chapter.

38-1-20. When contract price not payable in cash -- Notice.

As to all liens, except that of the contractor, the whole contract price shall be payable in money, except as herein provided, and shall not be diminished by any prior or subsequent indebtedness, offset or counterclaim in favor of the owner and against the contractor, except when the owner has contracted to pay otherwise than in cash, in which case the owner shall post in a conspicuous place on the premises a statement of the terms and conditions of the contract before materials are furnished or labor is performed, which notice must be kept posted, and when so posted shall give notice to all parties interested of the terms and conditions of the contract. Any person willfully tearing down or defacing such notice is guilty of a misdemeanor.

No payment made prior to the time when the same is due under the terms and conditions of the contract shall be valid for the purpose of defeating, diminishing or discharging any lien in favor of any person except the contractor; but as to any such lien such payment shall be deemed as if not made, notwithstanding that the contractor to whom it was paid may thereafter abandon his contract or be or become indebted to the owner for damages for nonperformance of his contract or otherwise.

38-1-22. Advance payments under terms of contract -- Effect on liens.

The subcontractors' liens provided for in this chapter shall extend to the full contract price, but if at the time of the commencement to do work or furnish materials the owner has paid upon the contract, in accordance with the terms thereof, any portion of the contract price, either in money or property, the lien of the contractor shall extend only
to such unpaid balance, and the lien of any subcontractor who has notice of such payment shall be limited to the unpaid balance of the contract price. No part of the contract price shall by the terms of any contract be made payable, nor shall the same or any part thereof be paid in advance of the commencement of the work, for the purpose of evading or defeating the provisions of this chapter.

Whenever materials have been furnished for use in the construction, alteration or repair of any building, work or other improvement mentioned in Section 38-1-3 such materials shall not be subject to attachment, execution or other legal process to enforce any debt due by the purchaser of such materials, other than a debt due for the purchase money thereof, so long as in good faith the same are about to be applied to the construction, alteration or repair of such building or improvement.

The claimant of any lien filed as provided herein, on the payment of the amount thereof together with the costs incurred and the fees for cancellation, shall at the request of any person interested in the property charged therewith cause said lien to be canceled of record within ten days from the request, and upon failure to so cancel his lien within the time aforesaid shall forfeit and pay to the person making the request the sum of $100 per day or actual damages, whichever is greater, until the same shall be canceled, to be recovered in the same manner as other debts.

38-1-25. Abuse of lien right -- Penalty.
(1) Any person entitled to record or file a lien under Section 38-1-3 is guilty of a class B misdemeanor who intentionally causes a claim of lien against any property containing a greater demand than the sum due to be recorded or filed:
   (a) with the intent to cloud the title;
   (b) to exact from the owner or person liable by means of the excessive claim of lien more than is due; or
   (c) to procure any unjustified advantage or benefit.
(2) In addition to any criminal penalties under Subsection (1), a person who violates Subsection (1) is liable to the owner of the property or an original contractor or subcontractor who is affected by the lien for the greater of:
   (a) twice the amount by which the abusive lien exceeds the amount actually due; or
   (b) the actual damages incurred by the owner of the property.

All liens under this chapter shall be assignable as other choses in action, and the assignee may commence and prosecute actions thereon in his own name in the manner herein provided.
