R156-28-304. Continuing Professional Education.
In accordance with Section 58-28-306, there is created a continuing professional education requirement as a condition for renewal or reinstatement of licenses issued under Title 58, Chapter 28. The continuing professional education requirement shall comply with the following criteria.
(1) During each two year period commencing on September 30 of each even numbered year, a licensee shall be required to complete not less than 24 hours of qualified continuing professional education directly related to the licensee's professional practice.
(2) The required number of hours of continuing professional education for an individual who first becomes licensed during the two year period shall be decreased by a pro-rata amount equal to the part of that two year period preceding the date on which that individual first became licensed.

(e) have associated with it a competent method of registration of individuals who actually completed the professional education program and records of that registration and completion are available for review.

(4) Credit for continuing professional education shall be recognized in accordance with the following:
(a) Unlimited hours shall be recognized for continuing professional education as a student or presenter, completed in blocks of time of not less than one hour in formally established classroom courses, seminars, lectures, wet labs, or specific veterinary conferences approved or sponsored by one or more of the following:

These types of continuing professional education courses include internet, audio/visual recordings, broadcast seminars, mail and other correspondence courses.

(5) A licensee shall be responsible for maintaining competent records of completed qualified continuing professional education for a period of four years after close of the two year period to which the records pertain. It is the responsibility of the licensee to maintain such information with respect to qualified continuing professional education to demonstrate it meets the requirements under this section.

(6) A licensee who is unable to complete the continuing professional education requirement for reasons such as a medical or related condition, humanitarian or ecclesiastical services, or extended presence in a geographical area where continuing education is not available, may be excused from the requirement for a period of up to three years as provided in Section R156-1-308d.
