Information in this document is subject to change at anytime, and is not a guarantee of meeting the requirements for licensure. Please see the next page for additional instructions.

Application Process

To apply to Utah using one of the licenses deemed equivalent (jurisdictions in green on the above map), you must have held the equivalent licensure in that state for at least one year. Additionally, the license must be active and in good standing.

In addition to a complete application for licensure (including fingerprints) and the appropriate fees, you must also submit an official verification of your license. If your jurisdiction participates in the NURSYS program, please request your verification from nursys.com for the fastest delivery.

If you have been subject to previous disciplinary actions on any professional license or answer yes to any of the questions found on the qualifying questionnaires within the application, you will be required to provide additional information regarding those incidents. See the application for complete instructions.

Additional Items/Information Required:

American Samoa	Official Verification of licensure must include your NCLEX passing score. If you did not take the NCLEX to obtain your license, please contact us for additional instruction.

Jurisdictions with no equivalent State or Territory-Wide License:

If no equivalent state or territory-wide license is issued by a jurisdiction, local jurisdiction licenses (such as those issued by a city or county) or non-equivalent state or territory licenses may be used to assist with documentation of compliance with some Utah qualifications. Applicants must submit a verification of the license they feel may demonstrate components of Utah qualifications that includes documentation of hours, exams, and other qualifications completed to obtain the license. Additionally, providing information regarding the scope of the license will assist the Division in determining equivalency.
