

CONTINUING EDUCATION FOR SECURITY PROFESSIONALS

BASIC CONTINUING EDUCATION

Armed, Unarmed, and Armored Car security Officers **MUST** complete **16 hours of basic continuing education per two year renewal cycle.**

Basic continuing education may consist of:

- Company operational and procedures manual
- Applicable State laws and rules
- Legal powers and limitations of private security officers
- Observation and reporting techniques
- Ethics
- Emergency techniques

R156-63a-304(7)

Each licensee shall maintain documentation showing compliance with Continuing Education requirements

FIREARMS CONTINUING EDUCATION

Armed and Armored Car Security Officers **MUST** complete an **additional 16 hours of firearms education per two year renewal cycle.**

Firearms education must be completed in **four-hour blocks** of time **every six months** throughout the two year renewal cycle.

Any individual holding a current armed private security officer or armored car security officer license in Utah who fails to complete the required four hours of continuing firearms education within the appropriate six month period will be required to complete **one and one half times the number of continuing education hours** the licensee was deficient for during the two year reporting period.

CERTIFICATES OF COMPLETION

Though the continuing education course provider is not required to be a DOPL authorized trainer, they must provide course participants with a certificate of completion once the course has been successfully completed.

The course certificate **must** contain **all** of the following:

- Name of the participant
- Date the course was taken
- Location where the course was taken
- Title of the course
- Name of the course provider and instructor
- Number of continuing education hours completed
