

## APPLICATION TO CHANGE A NAME or ADD A DBA ON A CONTRACTOR LICENSE

**Instructions:** We often find that an application to change a name is in fact an attempt a transfer a license to a different person or entity, who/which is required to apply for a new license. Licenses are not transferable between persons or entities. (See Utah Administrative Code § R156-55a-311). An application for name change will be denied if the new name is actually a different person or entity than to whom the license was originally granted. An application for a DBA will be denied if the DBA is owned by a different person or entity than to whom the license was originally granted. Please carefully read the requirements listed. The name change will be processed and updated in our files for your license at no charge. If you want a copy of your license with the new name, please include \$10.00 for a duplicate license.
