U.S. Virgin Islands

KEY
Equivalent to Utah License
Additional Documentation Needed, see below

Last updated: 7/20/2020

Information in this document is subject to change at anytime, and is not a guarantee of meeting the requirements for licensure. Please see the next page for additional instructions.

Application Process

To apply to Utah using one of the licenses deemed equivalent (jurisdictions in green on the above map), you must have held the license for at least one year. Additionally, the license must be active and in good standing.

The NABP licensure transfer program verifies endorsement requirements as found in 58-17b-303(3); however, you must still submit the complete Utah application (including fingerprints). See the application for complete instructions..

If you have been subject to previous disciplinary actions on any professional license or answer yes to any of the questions found on the qualifying questionnaires within the application, you will be required to provide additional information regarding those incidents. See the application for complete instructions.

Note: All applicants to Utah must pass the Utah MPJE prior to applying for licensure. Please see the Exam Information section of our website for additional details.

Additional Requirements

For jurisdictions that do not meet the minimum requirements for endorsement outlined in 58-1-302, applicants may still be able to use their current license to satisfy some of the requirements for licensure. In addition to a license verification from the jurisdiction, see the information below needed to correct deficiencies in endorsement for specific states or territories.

Jurisdiction	Additional Items/Information Required
American Samoa, North Mariana Islands, and Puerto Rico	Provide documentation of passing the NAPLEX.
