MARK B. STEINAGEL  
*Division Director*

DEIDRE M. HENDERSON  
*Lieutenant Governor*

## Utah Invisible Condition Alert Program S.B 148

Utah's [Invisible Conditions Alert Program](#) is a voluntary program that allows a person with a [qualifying](#) physical or mental condition to have a decal placed on a driver's license or ID card.

Utah's Invisible Condition Alert Program is designed to promptly notify first responders about a person's invisible condition that may directly impact the person's ability to communicate. Early identification of an invisible condition during interactions allows first responders such as law enforcement, firefighters, or emergency medical personnel to approach situations with heightened awareness and respond appropriately.

1. As a Health Care Professional practicing in Utah, it's necessary for you to provide informational resources about this initiative to your patients in accordance with Utah's Code [58-1-603](#). Additionally, you will be required to verify the presence of an invisible condition.

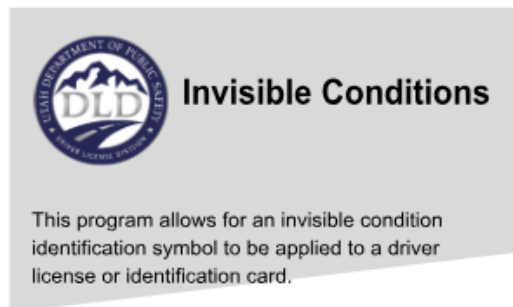

2. Below are links that will help you access these informational materials.

- Utah Driver License Division

- Invisible Condition Request Form  
<https://dld.utah.gov/wp-content/uploads/sites/17/2022/10/Invisible-Condition-Request.pdf>.
- Invisible Condition Removal Form <https://dld.utah.gov/wp-content/uploads/sites/17/2022/10/Invisible-Condition-Removal.pdf>
- Utah Division of Motor Vehicles Information  
<https://tax.utah.gov/forms/current/tc-894.pdf>

- Statement of Invisible Condition  
<https://tax.utah.gov/forms/current/tc-894.pdf>

The Invisible Conditions form must be submitted to the Driver License Division (DLD) by mail, fax, email, or at an office location. For more information on this program, visit the DMV invisible condition site at <https://tax.utah.gov/forms/current/tc-894.pdf> or contact DLD customer service at 801-965-4437.

\* Utah Health Care Professionals as defined in Section [53-3-207](#) - Physician, Physician Assistant, Nurse Practitioner, or Clinical Mental Health Psychologists, Clinical Social Worker.

Invisible condition means a physical or mental condition that may interfere with the ability to communicate with a law enforcement officer.  
For example:

- Communication impediment
- Hearing loss
- Autism spectrum disorder
- Drug allergy
- Alzheimer's disease or dementia
- Post-traumatic stress disorder
- Traumatic brain injury
- Schizophrenia
- Epilepsy
- Developmental disability
- Down syndrome
- Diabetes
- Heart condition
- Other condition identified by a health care professional

A health care professional must complete the invisible condition request form. The form must be submitted to the Driver License Division. For more information or to obtain a form, visit our website at [dld.utah.gov](http://dld.utah.gov) or contact the division at:

801-965-4437 or toll free at 888-353-4224
