

Safety Tips for Massage Therapists

Tips for how you can ensure a safer environment

- Avoid being alone in your facility
- Keep a detailed appointment book
- Consider keeping a self defense weapon on your person
- Hold regular staff training and walkthroughs on what to do and where to go
- Trust your instincts in uncertain situations
- Secure your place of business with cameras in reception areas
- Place panic buttons under reception desk and discrete locations in sensitive areas

**Have a Plan for
Emergencies and
Practice it Regularly**

Watch for Suspicious Behavior:

Look for signs of potential predators

- Surveying the area for cameras
- Locks doors behind them
- Covers their face
- Doesn't respond to questions
- Wants to know how many people are in the building
